From: Branch of JSC "Doosan Heavy Industries & Construction" in Almaty

We confirm that the company "Kaz Energo Standart" provided services in the provision of certificates of ASCAPS and verification of the tariff meters.

During our cooperation, the company "Kaz Energo Standart" has established itself as an organization which works at a professional level within the initially agreed-upon timelines. We highly appreciate for Alina's support.

We recommend the company as a responsible and reliable partner and look forward to further fruitful cooperation.
